

FOR IMMEDIATE RELEASE

Major New Casino Poker/Gaming Patent Issued to Ameranth Inc.’

New Patent Covers Poker Tournaments in U.S. based Casinos and Poker Rooms

April 14, 2015, San Diego — Today, the United States Patent and Trademark Office (USPTO) issued Ameranth Inc. a new **Casino - Poker Tournament** patent, U.S. Pat No. **9,005,031** titled: ‘Products and Processes for Operations Management of Casino, Leisure, and Hospitality,’ which will have a term extending until at least 2025. This new patent, (which will be the **fourth** in its family of poker room/casino patents) protects Ameranth’s revolutionary automated poker room and casino management inventions and it will further support Ameranth’s new, long term strategic relationship with **Genesis Gaming Inc.** and protect even more - the Bravo Poker family of products.

This new patent, includes **#20** comprehensive claims, that include not only the operation of large and small Poker Tournaments in poker rooms throughout the US, but also online registrations for those poker tournaments and integration with player tracking systems, as well as many other key poker tournament features, reflecting the visionary aspects of Ameranth’s family of gaming/poker patents. This patent was allowed, even under the increasing scrutiny resulting from recent US Supreme Court rulings, which have generally made software based patents like Ameranth’s more difficult to obtain; thus making this patent extremely important and further confirming the numerous technological breakthroughs in Ameranth’s gaming/poker patents as being truly novel.

This new patent – along with Ameranth’s (U.S. Pat No. **8,393,969**) patent and Ameranth’s (U.S. Pat. No. **7,431,650**) titled “Casino Poker and Dealer Management System” and the earlier (U.S. Pat No. **7,878,909**) further confirm Ameranth’s innovations for current and emerging automated casino and poker room applications and deployments.

“This new patent combined with our **#3** other gaming patents will enable us to support our strategic relationship with **Genesis** and serve gaming customers worldwide even better in the future”, said Vern Yates, Ameranth’s Chairman and Chief Executive Officer.
