Ameranth still has active lawsuits in the United States District Court for the Central District of California, against Genesis Gaming Inc, and IT Casino Solutions LLC, for their ongoing infringements of one or more of these three gaming patents and for their extensive past damages. Trial is scheduled for early 2014.

Ameranth's gaming industry leading Poker Room Manager (**PRM**) automated poker systems are deployed in many casinos and operate in several of the largest and most prestigious poker rooms worldwide, including Lucky Chances Casino, Casino Arizona, Bicycle Casino, Crown Casino and Star City Casino in Australia and numerous other installations throughout the United States and the world.
