*Ameranth Signs a New Patent License with  
Restaurant Revolution Technologies Inc. for its  
Patented 21<sup>st</sup> Century Communications™  
Web/Wireless  
Synchronization Inventions*

**'16th patent license further confirms the value of Ameranth's  
Patents'**

April 5, 2013, San Diego, CA — Ameranth, Inc. announced today that it has entered into a patent license agreement with Restaurant Revolution Technologies Inc. of Cardiff, California, [www.rrtusa.com](http://www.rrtusa.com) – a new and very exciting company that provides innovative online call center connectivity and mobile/web applications for bars, restaurants, hotels, and casinos.

Ameranth's pioneering web/wireless data synchronization inventions have been patented, (U.S. Patent Nos. 6,384,850; 6,871,325; 6,982,733 - with additional patents pending), have been widely adopted and deployed, and are now essential to the modern wireless/web hospitality enterprise. The explosive growth of the use of smart phones, social/affinity group networking, wireless networks and related technologies now make the use and licensing of Ameranth's patents essential to achieve a totally synchronized system, *i.e.*, the 21<sup>st</sup> Century Communications™ system invented in 1998 by Ameranth's visionary inventors. Modern hospitality information technology systems performing functions such as online/mobile ordering, reservations, ticketing and related functionality require the use of Ameranth's patented inventions for synchronized operation. Ameranth has active patent infringement lawsuits against numerous infringing defendants; including Micros, Agilysis, Tabbed Out, OLO, Seamless, GrubHub, Apple, QuikOrder, OpenTable, Agilysis, Order In, - the three largest pizza chains – (Papa John's, Domino's, Pizza Hut) and many of the leading ticketing companies, travel aggregators and hotel companies.

In addition to its new license with RRT, Ameranth has patent license agreements with Splickit, Radiant, Menusoft, Netwaiter, Brink Software, Savory Mobile, Chownow, Compelcart, Xpient, Munchaway, Ticketmob/Laughstub, Par, Subtldata, Comcash and Snapfinger, and is in active negotiations to provide licenses to several additional hospitality industry product/service providers.

'Restaurant Revolution Technologies has already earned a reputation of innovation and they have a unique vision for synchronizing and integrating call centers with mobile/web to incrementally drive, new, high margin business to their restaurant customers and Ameranth believes that they can occupy a valuable niche in this market. We are extremely pleased that they have joined the ever growing list

of authorized Ameranth licensees. This patent license affords them, their partners and their customers full patent coverage and protection in online/mobile, call center and payment processing and we wish them the best as they go forward' stated Vern Yates,' Ameranth's Chairman and Chief Executive Officer. 'Further we look forward to working closely together with RRT to optimize results for both our companies moving forward', added Yates.

"We're very excited to become an Ameranth patent licensee," said David Schofield, Chief Executive Officer of RRT. " We recognize the visionary nature of Ameranth's patents and we are pleased to be able to offer the assurance of being fully licensed to our partners and customers. We look forward to working together with Ameranth into the future."

The adoption of Ameranth's technology by industry leaders and the wide acclaim received by Ameranth for its technological innovations are just some of the many confirmations of the breakthrough aspects of Ameranth's inventions. Ameranth has received twelve different technology awards (three with "end customer" partners) and has been widely recognized as a hospitality wireless/internet technology leader by almost all major national and hospitality print publications, e.g., The Wall Street Journal, The New York Times, USA Today, and many others. Ameranth was personally nominated by Bill Gates, the Founder of Microsoft, for the prestigious Computerworld Honors Award that Ameranth received in 2001 for its breakthrough synchronized reservations/ticketing system with the Improv Comedy Theatres. In his nomination, Mr. Gates described Ameranth as "one of the leading pioneers of information technology for the betterment of mankind."
