World's second largest poker room, Hawaiian Gardens Casino licenses Ameranth's gaming patents

June 11, 2013, San Diego, CA. — Ameranth, Inc. today announced that it has signed a long term patent license agreement with Hawaiian Gardens Casino of Hawaiian Gardens, California, (www.thegardenscasino.com) for its multi-faceted, multi patent player/dealer tracking/management claims - including all claims from Ameranth's strategic gaming patents (**U.S. Pat. No. 6,431,650, 7,878,909 and 8,393,969**), - whose validity term extends into 2026. Hawaiian Gardens Casino is the **world's second largest poker room**, (with more than #200 active tables).

Ameranth's gaming industry leading Poker Room Manager (PRM) automated poker systems are deployed in many casinos and operate in several of the largest and most prestigious poker rooms worldwide, including Lucky Chances Casino, Casino Arizona, Bicycle Casino, Crown Casino in Australia and numerous other installations. Ameranth also has additional patent licensees, including e.g. Normandie Casino, Aviator Casino, Commerce Casino and Village Club Casino. Casino Arizona's 50 poker tables and Lucky Chances 40 tables make them among the largest and most advanced poker rooms in the world and Ameranth provides its comprehensive technical capabilities to automate their seating, tournament, waitlist, communications and player tracking functionalities. Several additional new significant PRM wins/deployments are being finalized as well.

'We are very pleased to have secured such a noteworthy patent license from Hawaiian Gardens Casino to further confirm the strength of Ameranth's gaming patents.
